Introduction

Khwendo Kor (KK) (the name means ‘sisters’ Home’) is a non-partisan, non-governmental organization. It was established in the 1993, registered under Pakistan socaity act 1860 and works in the Province of Khyber Pukhtoonkhwa and FATA(Federally Administerated Tribal Areas). It has successfully managed and worked consistently in FATA to promote the well-being of women and children.

The nature of KK's work depends on the establishment of working partnerships with local people over an extended period of time. It also depends on the establishment of links with other key partners, such as government line departments, local councils and other NGOs. KK believes that there are strong reasons for continuing to work in the same areas as before and expand slowly from this base.

KK has one international Partner Organization viz UK-Friends of Khwendo Kor (UK FROK). FROK was established in 2001 and was registered as a charity in 2002. FROK is contributing towards developing the self-reliance of KK by provision of technical assistance, fund raising, establishing strategic linkages and facilitating exchange visits.
